

## Discontinue Low Volume Members of the XC3000A Product Family

PDN2004-19 (v1.0) August 23, 2004

Product Discontinuation Notice

### Overview

Xilinx is discontinuing certain members of the XC3000A™ product family. This applies to commercial and industrial (C-grade and I-grade) products only. Military products are not affected.

### Description

These device package combinations have declined in customer usage to the point where continued manufacturing is becoming no longer economical. Please note that a Pb-free version will not be provided for discontinued part numbers.

Direct replacement devices are listed in the table below. Although some discontinued part numbers do not have direct replacements, there are indirect device/package-pin combinations available as alternatives. Please contact your [Xilinx Sales Representative](#) for help with replacement devices.

### Key Dates

Final orders are accepted until August 23, 2005

Final deliveries must occur on or before February 23, 2006.

### Response

Immediate response to this notification is not required. As was previously noted, some of the discontinued part numbers have direct pin-compatible replacements at higher densities. Others have several indirect replacements. Please contact your [Xilinx Sales Representative](#) for assistance in planning for device replacement. For additional information or questions, please contact [Xilinx Technical Support](#).
